Schedule A – NZOC Long List Acknowledgement of Athlete Anti-Doping Responsibilities

Background

The New Zealand Olympic Committee (NZOC) only includes athletes to the Games Team who have fully complied with the NZOC Integrity Regulation, in particular the Anti-Doping requirements in Part A. This requires all athletes that are to be considered for inclusion by their National Federation to agree in writing to be bound by the Sports Anti-Doping Rules (SADR), no later than six months before the date of the commencement of the Games.

Therefore, the Long List is provided to Drug Free Sport New Zealand (DFSNZ) by the NZOC, no later than six months before the date of the commencement of the Games, in order to identify potential Games representatives to be considered for inclusion in DFSNZ's annual testing programme, in the lead up to a Games event.

Athlete Anti-Doping Responsibilities

1. I understand that it is my responsibility to ensure that I am informed and updated about the rules that govern my sport, and the rights and responsibilities I have with regards to anti-doping in sport. In particular, this includes:
 - Complying with requests for testing;
 - Checking the status of any medication or supplements;
 - Undertaking anti-doping education with DFSNZ;
 - Always informing medical practitioners that I am an athlete who could be subject to testing; and
 - Reporting any suspicious doping activity I become aware of to DFSNZ and/or the NZOC.
2. I understand that I can access information directly through the DFSNZ website (www.drugfreesport.org.nz) and/or DFSNZ Freephone 0800 DRUG FREE (378 437) or by contacting my National Federation.
3. As an athlete included on the NZOC's Long List, I consent to the NZOC sharing my personal details with DFSNZ at least six months prior to the Games for the specific purpose of being able to locate me for out-of-competition testing and other anti-doping requirements specified under the SADR, such as education, and after such time, upon request by DFSNZ.
4. I understand that prior to inclusion in any Games Team in any capacity, including as a travelling or non-travelling reserve, if I am prescribed a medication that contains a prohibited substance, I must apply to DFSNZ for a Therapeutic Use Exemption in advance of taking the medication (except in a medical emergency). Such Therapeutic Use Exemptions may also be required to be submitted to the IOC or relevant International Federation for the purpose of participation in the Games.
5. I understand that I am responsible for ensuring the personal details I provide to the NZOC, for their and DFSNZ's purposes, are accurate and up-to-date at all times.

6. I understand I am obligated to comply with a request for testing as and when required, and to fully cooperate with the testing process. Failure to comply with the testing process may constitute an anti-doping rule violation, which may result in me being banned from sport.

7. As an athlete who is a member of a National Federation that has agreed to the SADR, I understand that I can be tested by DFSNZ anywhere and anytime (regardless of whether or not I am included on the NZOC's Long List).
