4.6 Ties will be broken by rank at events attended by both athletes.

4.6.1 In the event that the athletes in question did not compete at any of the same events they will remain tied.

4.6.2 Competitors cannot tie for 1st place. Ties will be broken based off their average rank at A Level events.

5 Injury

5.1 If a competitor is injured mid-season, they may apply for injury status.

5.2 If approved, they will receive the following:

5.2.1 Total points averaged by the number of events they were able to complete up to the max per Points List. These points will not be reflected on the public Points List, but will be used internally by SSNZ for selection to Regional/National Development Camps.

5.2.2 Injury Status on the public Points Lists.

5.3 Competitors cannot use previous season's results on the current Points List.

6 Event Sanctioning

6.1 To be a SSNZ sanctioned event, and therefore carry points in the SSNZ Slopestyle Series, event organisers must satisfy the following criteria.

6.1.1 Calendar: Event must be applied for and listed on the official SSNZ Calendar as a SSNZ Slopestyle Series event. Events that conflict with other events in the Series may not be approved. SSNZ will aim to ensure there is a fair and obvious flow to events across both Islands.

6.1.2 Registration: Events must use the SSNZ online registration system to pre-register for events. Signups may also be taken on the day, but must incur a \$10 late fee.

6.1.3 Judges: All events must have a SSNZ Licensed Judge acting as Head Judge. At minimum, there must be three Scoring Judges (including the Head Judge), but ideally there is one Head Judge and three Scoring Judges. Event organisers may suggest a Head Judge, but they must be approved by SSNZ. Head Judges must approve the rest of the panel at least one week before the event.

6.1.3.1 Judges who also coach must refrain from coaching during events. Any violation of this will result in the Judge losing their SSNZ Judging License.

13.1.1 This decision is made final by the Jury but should be discussed thoroughly with coaches and athletes to gauge safety.

13.2 If an event is cancelled at least two days prior to the event, the full entry fees will be refunded.

13.3 Events can be adapted by changing the number of included features, or changing location, to work with the weather if agreed by the Jury, athletes and coaches.

13.4 A result can be considered valid after one run if the weather prohibits a second run, but all athletes must have completed at least one run.

13.5 Events will be scheduled in sequence to give athletes multiple opportunities to compete per trip. In the event that the weather prohibits competition throughout a competition timeframe a new competition may be scheduled on an island with the opposing island's category. For example, if weather prohibits competition at a series of events in the South Island, a South Island event may be scheduled separately on the South Island or North Island, or vice-versa, to give competitors the opportunity to earn points on the National Points List. This decision will be made by SSNZ with input from coaches and clubs as a last resort.
